

The Letter from Meike and Jessi (stay in 31st-Oct. ~ 22^d-Dec, 2022)

- **What is your studying area?**

We are two medical students from Germany and belong to the University of Regensburg in Bavaria. We came to Japan to absolve one part of our practical experience at the end of the medical studies.

- *** Why did you choose our University or Hospital?**

- *** How did you find our university of Hospital?**

We wanted to visit Japan because we were interested in the culture and the high standards of medicine. We choose Nara Medical University Hospital because of a recommendation of a doctor in Germany and he was happy about the memories of the time he spend here.

- *** How is your studying circumstances?**

Studying at Nara medical university hospital was a very good experience! Everyone tried hard to teach and explain well. We always knew who we were able to talk to. Furthermore, we were able to take part at special training lessons.

*** How is your private life here?**

*** have you been staying at our Guest House? Yes · No**

We lived in an apartment rented by Leoplace 21.

We meet very nice students from Nara Medical University and with them and with some other german students we went out for dinner and karaoke and went on a trip to the coast. We really had a fun time! Furthermore we found some other lovely friends that tried hard to make our time in Japan memorable!

*** What is the impression of Japan, Nara Pref.?**

Nara Pref. is a beautiful place with long history that you can see and feel in many places. There are special highlights like Nara park with the famous deers. It is a little rural but big cities like Osaka and Kyoto are near and easy to reach by train.

*** Please give a message for the coming Students in future !!**

People in Japan are very nice, kind and always want to help and try the best for you! But many of them, especially the students, are a little shy, so just talk to them! They will be happy to meet you!
